Estancia,
New Mexico

There May be Others, but ESTANCIA

is **The Town** in the Southwest which offers the best openings for homes, business or investment.

Situated in one of the richest valleys in New Mexico, it is the distributing point for a large ranching country from which thousands of sheep and cattle are shipped annually, the supply station for the lumber mills in the Manzano mountains 20 miles to the westward and county seat of Torrance County. It has an actual present and a certain future.

The country surrounding the town is a beautiful level prairie with rich sandy loam soil which produces good crops ordinary years without irrigation and responds to the application of water with yields which are incredible to the uninitiated.

Water for stock and domestic purposes is plentiful at a depth of from 12 to 30 feet. More than a million acres of Government land is now open for settlement in this favored valley and offers the best opportunity in the United States for farm homes.

Residence and business lots are being sold at low rates and increasing rapidly in value.
